"As a student from Papua New Guinea, my experience at James Cook University Brisbane was incredible. I loved how hands-on the lecturers were — they made learning fun and engaging, and I always felt supported throughout my studies. The scholarship for Pacific Islander students was a huge help and made my studies more accessible.

What really stood out to me was the strong sense of community at JCU Brisbane. Despite being far from home, the university is a close-knit family, and I was always made to feel welcome. On top of that, the free coffee and fruits available in the library every day were a great touch and kept me energized during long study sessions.

Since graduating I am now working for a big four accountancy firm right here in Brisbane. Overall, I am delighted I studied with JCU Brisbane, I am so grateful for everyone at the university as they shaped who I am today."
